SKILLS

- Python, Flask, Django
- HTML, CSS
- JavaScript
- ReactJS
- PostgreSQL, MySQL
- UNIX, Bash Scription
- AWS
- (REST) APIS
- Pandas, Streamlit
- Java, Spring Boot
- Android, Kotlin
- Git
- Docker

WORK HISTORY

SOFTWARE DEVELOPER 12/2021 to Current
TUN YAT LIMITED, Yangon, Myanmar

- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Designed and optimized database schemas, ensuring high performance and data integrity.
- Collaborated closely with cross-functional teams, including designers and product managers, to define project requirements and deliver outstanding user experiences.
- Implemented RESTful APIs and integrated third-party services to enhance application functionality.
- Utilized best practices in version control (Git) and agile development methodologies to streamline the development process.
- Conducted thorough code reviews and implemented quality assurance measures to ensure code quality and maintainability.
- Resolved technical issues and bugs, providing timely solutions and improving overall system performance.
- Actively stayed up to date with the latest industry trends and technologies, incorporating them into project development as appropriate.

SENIOR ANDROID DEVELOPER 05/2019 to 04/2021
Myancare Co.,Ltd, Yangon, Myanmar

- Design and build advanced applications for the Android platform.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Work with outside data sources and APIs
- Unit-test code for robustness, including edge cases, usability, and general reliability.
- Work on bug fixing and improving application performance.
- Continuously discover, evaluate, and implement new technologies to maximize development efficiency.
- Integrating with third party frameworks tools and SDKs, such as Retrofit, OkHttp, Moshi and Glide
- Reactive Programming: RxJava, coroutines / flow
- Dependency injection (ideally via Dagger and Hilt)
- Android architecture components (ideally MVVM experience)
- Java/Kotlin expertise (standard functions, data classes, etc.)

MOBILE TEAM LEADER 10/2017 to 04/2019
Blue Planet Co.,Ltd, Yangon, Myanmar

- Improved operations through consistent hard work and dedication.
- Developed team communications and information for meetings.
- Demonstrated respect, friendliness and willingness to help wherever needed.
- Developed and maintained courteous and effective working relationships.
- Resolved problems, improved operations and provided exceptional service.
- Used coordination and planning skills to achieve results according to schedule.
- Drove operational improvements which resulted in savings and improved profit margins.

SENIOR ANDROID DEVELOPER 05/2016 to 08/2017
Myanmar Marketing Research & Development Co.,Ltd, Yangon, Myanmar

- Devised documentation for each app, detailing operation aspects, functions, capabilities and features.
- Designed user interfaces that engaged multiple senses and produced immersive experiences.
- Tested applications prior to final review to verify issue resolution.
- Provided dedicated support and timely issue resolution to clients following successful app launch.
- Employed JUnit framework to perform unit tests.
- Devised techniques for better modularity, testability and maintainability of front-end applications.
- Incorporated offline storage, performance tuning and threading into apps for seamless use.
- Successfully integrated push notifications into apps, bolstering user engagement.

SENIOR ANDROID DEVELOPER 12/2014 to 03/2016
MyLann Co.,Ltd, Yangon, Myanmar

- I worked here on Android apps with new ideas and innovations.

- Knowledge of application development and oops concept.
- Experienced in SQLite, JSON, 3rd-party libraries.
- Get Proficient with common Android Framework APIs.
- Experienced in data storage like SD card, internal memory and external memory
- Experienced in Android UI design, Animations and multimedia
- Experience in Android components like ACTIVITIES, SERVICES, BROADCAST RECEIVERS, GOOGLE MAPS.

SOFTWARE ENGINEER 12/2011 to 11/2014
AYEYARWADDY ITD Co.,Ltd (AWITD), Yangon, Myanmar

- Manipulated and implemented object-oriented programming models.
- Collaborated with team to analyze system solutions based on client requirements.
- Coordinated efficient large-scale software deployments.
- Assisted development of technical documentation and revised documentation.
- Offered experience with Java, Android and web development.
- Updated old code bases to modern development standards, improving functionality.
- Tested methodology with writing and execution of test plans, debugging and testing scripts and tools.

EDUCATION

University of Computer Studies, Yangon, Myanmar
Bachelor of Science, Computer Science, 02/2010

CERTIFICATIONS

Diploma in Java Programming by IMCEITS
Data-driven Decision Making by PwC
